Surname:			
Date of Birth:			
Current Address:			
		Postcode:	
Home Telephone:		Mobile:	
Email Address:			

HAVE YOU TAKEN OUT TRAVEL INSURANCE? YES NO (please circle)

Please complete a separate form for each member of travel party.

Country and areas in country visiting. Please list all destinations.	Type of Accomodation (eg. hotel, hostel etc)	Purpose of Trip (eg. Leisure, Business, visiting Friends/relatives	Date of Departure	Total Length of trip	Special risks (e.g. working in local communities, working with animals, jungle trekking etc.)

Please detach and take this information with you

Please be aware that travel health is YOUR responsibility and we recommend you research the risks that may be present in the Country or Countries you have chosen to visit – and what vaccines you are likely to need.

We require a minimum of **6 WEEKS** notice in order to provide a full service and to complete courses of some vaccinations. If you are travelling at short notice we may not be able to provide an appointment, in this case please contact a private clinic – see below for details.

At this surgery we offer the following travel vaccinations that are funded by the NHS, they are therefore free of charge to you:

- Diphtheria/Tetanus/Polio (Combined in one injection)
- Hepatitis A
- Typhoid
- Cholera (dependant on risk you may have to pay a prescription charge)

Hepatitis B vaccines are available (dependant on risk and for a charge – please enquire re: cost)

However be aware some vaccines such as – Yellow Fever, Rabies, Meningitis ACWY, Japanese Encephalitis and Tick Borne Encephalitis are not available on the NHS. For these you will need to make your own arrangements with a Travel Clinic.

As a guide, the following offer travel vaccinations and it can be worthwhile 'shopping around' to find the best prices. Alternatively other clinics may be found with an internet search.

Sheffield Travel Health Clinic (Weds only) – Royal Hallamshire Hospital (adults only) – 0114 2712608

TravelDoc – Rockingham Street – 0114 3583930
